AN OLD TRIPPER.
The Fort Steele Prospector of March 29th, contains the following item concerning Mr. Wm. Robinson, who is opening up a lunch counter in the rear of Rivington's store near the Queen's Hotel.

Wm. Robinson, better known as Monte Carlo, has gone to Edmonton. Monte has been at the "front" since the days of the construction of the Central Pacific, and has been among the pioneers into every new mining camp of the West. He is well known, not only to the people of the West, but to many prominent state officials and eastern people. He attended Horace Greely upon his famous stage-coach trip across the plains, and was one of the General Grant party on its western tour, while the general was president of the United States. His good humor and drollery attracted the attention of Mark Twain, who in speaking of him as a cook, said, "He can take a piece of dog, cougar or coyote and make of it a steak or a stew so fine that if you didn't know any better you could not tell the difference. And at pastry he can take a turnip, a piece of red flannel and a quart of vinegar and make a mince pie that would make an epicure's mouth water."

Monte came to Fort Steele in the early days and has been doing a good business, but the coming railroad is disturbing his peace of mind. He will have none of it, but will go to the far Northwest. When time was young and knew not guile the witchery of the wilds laid him by the heels and dragged him into the hills, and it is dragging him still. The people of Edmonton will find in him qualities of wit and humor that are precious only in the land of tolling cotton, long evening twilights and midday sun-dawns.

AN OPEN LETTER

To the Builders of Edmonton District.

Gentlemen: No doubt you have heard and read in the papers recently great deal about the so-called "LUMBER COMBINE," and the consequent advance of prices.

In this connection a few statements of fact from us may be in order. The manufacturers of British Columbia advise us that the advance in prices is due to the increased cost of labor and of materials and that this justifies the advanced prices to the trade. Whether this is true or not we are not in a position to judge.

But we do know that it is very difficult to get orders for B. C. lumber filled with any degree of promptness. Many of the mills are sold out of stock and cannot at present ship a car. We therefore claim that the advanced prices are due to scarcity of lumber. The price of any commodity is regulated in our day not so much by the cost of production as by the general demand for the commodity.

As to our own prices we beg to say that we are careful to see that they bear a right relation to cost. We cannot help the rise in B. C. lumber because the cost price is considerably advanced. But in the lines of our own manufacture such as Windows, Doors, Frames, etc., our prices are lower than the prices for the same articles either in British Columbia or Manitoba. This will indicate to you our position in this matter.

In view of the scarcity referred to if you are building or intend to do so, we advise you to place your order with us as soon as possible so that we may get in a position to fill it when required. We promise to do the very best for our customers that circumstances will permit.

Very Truly Yours,

PARTRIDGE HILLS

Sickness is prevalent, but there are no serious cases. Mrs. McCartney, of Red Deer, is at present visiting at the home of Mr. D. Simmons.

Miss Annie Summers, who was kicked by a horse last week, is recovering. Word has been received from Mr. S. Pearce, that the vessel in which he sailed for England was wrecked off the coast of Ireland. The passengers and crew all reached land safely.

A little daughter came to brighten the home of Mr. and Mrs. John Alton on March 29th.

STRATHCONA

Plumdealer, April 3.

It is with the deepest regret we record this week the death of two children of Mr. and Mrs. W. E. Ross from scarlet fever. On Wednesday Alice, their three-year-old daughter, succumbed to the disease, and yesterday Jennie Gregg, the baby a little over a year old, passed away. Two others are still suffering from the disease. Mr. and Mrs. Ross have the heartfelt sympathy of the community in their affliction.

The Hounston shield that was won by the Strathcona hockey team during the winter is now on exhibition in Poole's window. It is of substantial proportions, consisting of a patterned bronze plate resting on a bed of oak. In the same window is the handsome Oschner cup won by A. C. Rutherford's rink in the curling competition.

EGG LAKE

On Sunday, March 29th, Father Simons paid his regular monthly visit to Egg Lake. The date of his next visit will be the second Sunday after Easter, April 26.

We regret to announce the death of Peter Ward, whose illness we mentioned some time ago, and also of the infant son of Joe Page, after a short life of less than two weeks.

Last Sunday morning an addition was made to the family of Johnny Beaulieu, a girl this time.

On April 1st we were honored by a call from D. Mahoney, M. L. A., in connection with the road to be opened out around the head of the lake. Let us hope that the day chosen for his visit is not an indication of what we may expect to result from it.

HORSE HILLS

Old Boreas has evidently let up for good, for this winter, and gone to join the scientific explorers in their search for the North Pole. A few more days of the prevailing fine weather, and sleighing will be done for.

Tom Labille has commenced operations on his new house.

Lumber and stone are being deposited on the grounds for the new school. Building operations will begin shortly.

Walter Handy has quite recovered from his recent illness and is now employed with Mr. Geo. Dorland.

Fred McLeay and family are moving to their new house at Clover Bar this week.

Geo. Fraser of Clover Bar, has leased the farm of S. Borwick, for the coming season, and moves on to it shortly.

Presbyterian service was attended by a large congregation on Sunday last, at which Rev. Mr. McLeod, of Belmont, preached his last sermon on the "hill." Rev. McLeod leaves for college shortly.

A party was held at the residence of Mr. and Mrs. J. Bell on Saturday evening last. The young people present, spent a most pleasant evening with music and games.

It appears that we were misinformed when we announced a short time ago, that the final survey of the C. N. R. had been run through here. Engineer Armstrong and party are at present camped on Labille's flat, and it is reported that the line is to cross the river at that point. If this be the case we may look forward to seeing the townsite of "Mahoneville," suddenly transferred to that more picturesque location, which might appropriately be named "Labille." Several parties are already contemplating selecting town lots at this latest location.

MEN'S
CLOTHING

Men's Suits, some new ones. Just about now you'll be glad to see some distinctly new goods, fresh ideas in the way of fabrics—large plaids, broken checks, narrow stripes in brown and gray effects—in fancy chevrons. The man who wants something "a little different" will appreciate the present showing of

PICCADILLY CLOTHING

There is a difference in clothing as in men. There are no better clothes made than those we are showing, but there are higher prices. A hot iron and a ton weight can press out a poorly made suit so that it looks very fine in a window. But only good, careful tailoring and all-wool cloth can make a suit hold its shape and look well for months and months. No need to argue with yourself, even though you have a good suit or overcoat. Will not another be welcome, if it's but to relieve a monotonous sameness? Many of these suits are of medium weight, and you could not find better for spring service. They are all identified by the "PICCADILLY" label. That makes them all the more desirable.

A good address goes a long way in aiding a man to forge to the front. We materially assist in giving you a presentable appearance by furnishing fashionable cut attire at prices below tailor made. Elegant patterns, careful workmanship. No clothing fits like ours.

"PICCADILLY—THE BEST"

"PICCADILLY—THE BEST"

BOY'S CLOTHING

CLOTHING THAT DEFIES JUVENILE GYMNASTICS

As a parent you know how near useless it is to admonish youngsters not to soil or tear their clothes. The only remedy is to get good clothes, but don't pay too much for them. Clothing is cheaper for a healthy boy than doctors' bills for a sick one. We plead for the boy's boy.

RAIN PROOF

And other OVERCOATS

Cravenetted fabrics go through a process that goes to the foundation of the cloth—the very fibres that make the wool that makes the yarn are made non-absorbent. No earmarks of waterproof, no odor—no stiffness—is porous to air. The power of "cravenette," is in disguise until attacked by rain.

We have them

On each Lot enough may be grown to support a family.

The property adjoins Little's brick yard on the South, the Experimental Farm on the North, and overlooks the Saskatchewan on the East.

The opposite bank of the river, rising in natural terraces from the water's edge to an average height of 150 feet, beautifully wooded, affords A PANORAMA OF HARMONY AND DELIGHT.

Edmonton has passed the experimental stage, and will possess in a few years a metropolitan population.

The Railway Question is settled. The Canadian Pacific, Grand Trunk and Canadian Northern are assured quantities.

A fact not generally known substantiates that Edmonton will be a terminus for some years, is that the carrying capacity of the Canadian Pacific exceeds the Oriental and British Columbian trades combined, and the three great roads mentioned will halt before pushing on to the Pacific, thereby making our city of vastly more importance than it would otherwise have been.

Much of the timber is primeval. The principal streets will be boulevarded, and ancient growth furnish overshade.

"Fitwell"

That is the name of a line of Men's Boots we are now offering. There are several other names which would have been equally appropriate for these Shoes. "Lookwell" or "Wearwell" would have done equally well.

These Shoes are all sold at a uniform price, and that price is stamped on the sole—\$3.50.

DON'T THINK because this Shoe costs only \$3.50 that it is a "cheap" Shoe. It is nothing of the sort. It is a high-grade Shoe in every possible respect, except in the matter of price.

THERE ISN'T A MAN who reads this advertisement who has not at some time, possibly all the time, paid \$4.00, \$4.50 or even \$5.00 for a Shoe much inferior to the "FITWELL."

"FITWELL" Shoes are now in stock in Box Calf, Vici Kid and Enamel.

THERE ARE 3 REQUIREMENTS to be attained when you buy a pair of Shoes: 1st, perfect fit; 2nd, correct style; 3rd, good service for the money. Inspection will convince you that "Fitwell" Shoes fill the 1st and 2nd in an eminent degree. For the 3rd you will have to take our word, but our name is stamped on every pair, and you can always have your money back by asking for it, if wear is not entirely satisfactory.

THE HUDSON'S BAY STORES.

W. H. Hooper Company

WILL OFFER ON

MONDAY, MAY 4th, 1903,

200 = LOTS = 200

A portion of the ROWLAND ESTATE, otherwise known as "THE SYNDICATE."

Plans and Prices can be seen at the Office on and after the date mentioned.

This is the closest and best property available, and the choicest in and about Edmonton. The furthest part is from 10 to 15 minutes from the post office. The property is eminently the people's portion: is not controlled by a policy of inertia dictated by "Hebraic Hatred." The surveys conform to existing ones, and the streets will be projected to their legitimate confines. Building Sites on the verge of the hill overlooking the mighty Saskatchewan, the foliage and verdure of whose banks is not exceeded by the fiercest tropics or softest Pacific scenes, abound. Prices will be uniform and moderate, tempered as a corrective of the present indefinite craze.

TERMS.—One third Cash. Balance 6 and 12 months, interest 8 per cent. Agreements \$2 each, transfers free.

MILLET

Owing to the late spring we are having the settlers are somewhat delayed in moving onto their homesteads. The new store is now under erection and good roadway is being made. It will be a great benefit to Millet, being 250 feet two stories. It will be completed by May the first. A large warehouse will also be erected in connection with the store. The workmanship of the building is expected to be the finest in the town. As a general store is needed very much in Millet, the owners will certainly meet with great success.

Mrs. Lane will leave very shortly for the States to visit her daughter. We take pleasure in announcing the marriage of our section foreman, Mr. J. Vernalstine and Miss Lizzie Black, which took place at Wetaskiwin on Monday, March 31st, and the ceremony which took place on their return was the second treat of its kind the Millet boys can boast of. They formed a company and proceeded to the house about 8 o'clock, with fireworks and horns, tin pans and bells and many other articles that would produce a noise. They were very soon joined by the bridegroom and the boys were satisfied with his liberality. We join in wishing the happy couple a long and happy life.

Mr. J.P. Mudin had several lumber customers from Leduc last week. He reports business brisk.

Mr. Wm. Pierce, after having completed his sawmill two and a half miles east to Millet, where he expects to be busy for some time.

All new settlers express their satisfaction with the land in the vicinity of Millet. They say "the best they have seen."

Some of the Leduc would-be football players have an idea they can play at that game, too, as well as Millet. As it was whispered, around "such like football" let us go down and show Millet how to play. But when the echo reached the little town of Millet the C. P. R. hadn't a locomotive fast enough to carry the challenge to Leduc which is over a week ago: Come on, Leduc, "don't let Millet bluff you."

PUBLIC MEETING

The public meeting called by the town council for the purpose of discussing by-law No. 236 and 237 in Robertson Hall last night was fairly well attended. Mayor Short addressed the meeting and explained the position of the town in reference to the by-laws. By-law 237 was to amend the raising of \$15,000 to pay the Hudson's Bay Company for land purchased from them; also for the purchasing of the right of way to the station site. The company needed from 75 to 80 acres and had promised and bound themselves to make Edmonton the only divisional point for railway car shops between Winnipeg and the coast. The C. N. R. had already always kept faith with Edmonton and as they were willing to come to Edmonton the opinion of all patriotic citizens should be favorable to the by-law. The text of the mayor's speech was; support the by-law and thus build up Edmonton.

By-law 236 with reference to the municipal electric light system was then dealt with. The council had met with much heavier expenditures than it had anticipated. Repairs to machinery required large sums. A detailed statement of all expenditures was given showing economical and efficient management. The different departments were in charge of skilled and responsible men.

The meeting was then declared open for full and free discussion. C. W. Sutter asked if the C. N. R. had the sole and exclusive rights to the land in question. Mayor Short replied that they necessarily had as far as yards, etc., were concerned but that the C. N. R. officials were perfectly willing to have a union station with other railway companies. Dr. Wilson suggested that as the detailed agreement was not yet drawn up if there were any minor grievances they should be mentioned now while yet there was ample time to make any required changes.

It was moved by C. W. Sutter, seconded by J. Watson that this meeting fully endorse the action of the mayor and council with reference to the by-laws and that in the opinion of this meeting all loyal citizens should vote for the by-laws. The motion carried without a dissenting voice. The meeting dispersed at 9 o'clock.

LOYAL ORANGE LODGE No. 1794 meets in Houston's Hall the second and fourth Monday in each month. Visiting members cordially welcome.
